*You may provide the artwork, preferably in a hi-res PDF or InDesign format. Artwork must be line art — type, graphics with no shading. No heavy solids please! Or we can design it, using your choice of typefaces, at no charge.*

EXAMPLES:

Note that prices are the same for either the standard cover or all-white cover.

There may be a small surcharge for foil where art covers a larger area on the all-white cover.

In all cases, “set-up” refers to our doing the type design, providing proofs, and making a magnesium plate. OR: In all cases, customer may supply camera-ready art — line only except for option 4 below.
